Re: Schultz Purchase
Apartment 3D

Dear Members of the Board,

It is with great pleasure that I introduce myself as a prospective new shareholder at The Westwind. I will be the full-time occupant of the unit and through the grateful generosity of my parents, they will be assisting with a gift to help cover a majority of the purchase.

I currently work as a Full Stack Developer for Fordham University, my alma mater. I have been a part of the Fordham community for the last 7 years and counting. I began my studies at Fordham College at Lincoln Center in 2018, obtaining a Bachelor of Arts in Computer Science in 2022, and completing a Master of Science in Computer Science in 2023. During that same time, I worked part-time for the University Marketing and Communications department, developing front-end solutions for the university, our members, and our visitors.

After completing my graduate degree, I was hired by Fordham University to a full-time position within the Information Technology department, specifically the Development Operations Web team, as a Full-Stack Developer. The scope of my work increased from solely front-end, web-focused initiatives to large-scale projects necessitating front- and back-end programming, university-wide communication, and interdepartmental cooperation. While this position has proven to be a step up from my previous part-time employment, both in workload and demand, it is thanks to my colleagues, my team, and everyone at Fordham University that I am who I am and where I am today, and I would not have it any other way.

I am delighted to have found such a perfect building and apartment that meets and exceeds all of my needs. Upon my first tour of Apartment 3D, I witnessed a wonderful community that I hope to be a part of soon. Between the friendliness of the doormen, the interactions with the residents, and the general ambiance and décor surrounding the lobby, The Westwind is the perfect building for me to establish myself in for the foreseeable future. Similarly, Apartment 3D is gorgeous, with dual exposures, new appliances and finishings, and ample space for me as I settle into the

neighborhood. The conveniences of grocery stores, restaurants, the subway, and Central Park all within walking distance are somethings I could not pass up given the prime location of the building.

I appreciate the board taking the time to review my application, and I hope that this package demonstrates that I am a financially stable and responsible applicant. I would be thrilled to make Apartment 3D at The Westwind my new home.

Sincerely,

A handwritten signature in black ink, reading "Chris Schultz". The signature is fluid and cursive, with the first name "Chris" and last name "Schultz" clearly distinguishable.
